

A STYLISH, DETACHABLE DEVICE FOR LEARNING

Switch 3

From ultimate versatility to the large 12.2-inch display – ideal for homework or entertainment – Switch 3 offers a set of features just right for the modern education environment. The device boasts a 2-in-1 design well-balanced by Intel® processors and a quiet fanless design, while support for Acer Active Pen lets students give free rein to their creativity.

WINDOWS 10 PRO

ACER ACTIVE PEN

12.2" WIDE-VIEW FULL HD DISPLAY

USB 3.1 TYPE-C PORT

ADJUSTABLE U-SHAPED KICKSTAND

Do great things.

Acer recommends Windows 10 Pro.

Meeting everyday needs

For students seeking usability and performance, Switch 3 brings the complete package. The device is capable of handling school tasks thanks to Intel® Pentium® and Intel® Celeron® processors and 4GB of memory. It can be equipped with up to 128GB eMMC, and the MicroSDXC slot offers additional storage options.

The USB 3.1 Type-C port supports fast data transfer of up to 5Gbps and hi-res display all in one port. Up to 8 hours of battery life make Switch 3 a dependable companion for all-day learning.

Fantastic images and sound

The 12-inch display is large enough for students to work comfortably, while the 1920 x 1200 FHD resolution with IPS technology and a wide 178-degree viewing angle brings incredible precision and is perfect for teamwork. Two front-facing speakers complement the stunning visuals with higher volume levels and more immersive stereo sound.

With front and rear cameras, students can use Switch 3 for long-distance collaboration and audio-visual projects.

Ultimate usability

Switch 3 offers the flexibility of a 2-in-1 design with the added benefit of the stable and adjustable U-shaped kickstand that lets students choose the most suitable position for the display. The magnetic, snap-on keyboard can be adjusted to an ergonomic angle for comfortable typing and doubles as a screen cover. The keys are widely spaced and come with 1.4 mm travel distance, making typing an effortless experience.

Creativity booster

The device also works with the Acer Active Pen, which enables students to let their creativity flow by offering a natural writing experience. With palm rejection and 1024 levels of pressure sensitivity, the Acer Active Pen is perfect for jotting down notes, sketching and making the most of Windows Ink.

Powered by Windows 10 Pro, Switch 3 also offers access to a world of options to create, collaborate and learn, while ensuring integrated security and top flexibility.
